Istation Reading
HOME USE

All Kansas schools and school districts are invited to take part in the Statewide Kansas Reading Success Program with Istation on a voluntary basis. Participating schools will be provided with Istation's reading assessment and reading intervention curriculum, including the Istation Home feature, at no charge.

Istation Home is the home-based version of the powerful and proven computer-based Istation Reading program. Schools and districts that have enrolled their students in Istation Reading have free and unlimited access to Istation Home!

Why Istation Home?

Istation Reading is a comprehensive computer-based reading intervention program that maximizes students' reading fluency, comprehension and retention, and academic success. Its easy-to-use components work together to maximize student growth.

- Istation Home is an ideal way to reinforce classroom instruction and get parents more involved in their child's education.
- Istation's interactive, animated stories make homework something kids can look forward to.
- Istation's interactive curriculum, when used by students at home, will adjust each student's curriculum dynamically, placing them into the program where they left off in school!
- Istation Reading is PC, Mac, Chromebook, and iPad compatible.

Istation Helps Parents Get Involved and Stay Involved!

- Istation's interactive, animated lessons encourage parent involvement.
- The program includes tips and suggested activities for parents to help reinforce their child's learning and strengthen the home-school partnership.
- All reports and tools for parents are provided in English and Spanish.

Parent Recruitment Materials Included!

- The program includes parent information that can be printed on your school letterhead and sent home with students to inform parents about their no-cost access to Istation Home.
- The parent information provides parents clear sign-up instructions in both English and Spanish.
