

WHAT ARE ACCOMMODATIONS? Assessment accommodations are changes made to assessment procedures that provide students with an equal opportunity to demonstrate their knowledge and skills. These changes do not affect the reliability or validity of the assessment or alter the instructional level, content, or the performance criteria. Istation is the required state K–2 assessment for all students. For students with disabilities, participation in Istation shall be determined under the parameters of their IEPs.

WHO ASSIGNS ACCOMMODATIONS TO STUDENTS IN ISTATION? Only administrators with manager accounts can assign accommodations to students in the Istation Report and Management Portal. Please note, if administrators allow others to enter accommodations, the risk for invalidations increases at the school level.

Untimed Assessment, continued	Students who have an extended time accommodation documented in their IEP or 504 or EL plan	<p>Students who cannot attend for an extended period of time may start and stop the test for breaks without restarting the entire test by clicking on “Pause.” The test may remain on pause for 20 minutes each time Pause is selected before logging a student off due to inactivity. In addition, the test may be stopped after each subtest. The next time the student logs in, the assessment will pick up where the student left off.</p> <p>If a student is taking the Istation ISIP ER or ISIP <i>Español</i> in their second language, extended time is an allowable accommodation <u>as long as</u> the procedures for determining the need for the accommodations for ELs follows the requirements as stated in the <i>New Mexico Student Assessment Accommodations Manual</i>. Note: Not all second language learners need this accommodation. Accommodations provided during assessments should be consistent with accommodations provided during daily classroom instruction. Thus, if the student does not require or receive this accommodation during daily classroom instruction, they should not be provided the accommodation during the assessment. Please see link below for more information: https://webnew.ped.state.nm.us/bureaus/assessment-3/district-test-coordinator/</p>
Instructions language (Accessibility)	Any student who needs instructions read in Spanish	Please note this is an accessibility feature only for students who take ISIP Early Reading. This should not be assigned for ISIP Español.

CAUTION FOR UNTIMED ASSESSMENT ACCOMMODATION: Untimed means no time limit. If a student needs more than time and a half, the IEP or 504 plan should indicate specific time requirements based on documented evidence of need. On state assessments, PED does not recommend more than double time. It is recommended that test administrators monitor and actively proctor students who receive this accommodation to ensure they do not spend more time than truly necessary on the assessment. On average, the vendor states the assessment should take no longer than 30-40 minutes for grades K–3.
