

NOW AVAILABLE

Istation's written teacher-directed lessons connect to STAAR Readiness and Supporting Standards for grades 3-5 in English.

All Istation teacher-directed lessons provide solid instructional support in both reading and writing. Istation has now drawn a clear and direct connection from these outstanding resources to the STAAR's Readiness and Supporting Standards for Phase 1.

These resources can be easily found on the Istation web site at www.istation.com in the Interactive User Guide under the chapter "State-Specific Information."

Now linking Istation's written resources to your explicit needs for STAAR standards is at your fingertips and just a click away.

The Istation program will be available through Texas SUCCESS through August 31, 2017.

Istation

Supporting Educators. Empowering Kids.
Changing Lives.
